Professional Game Design Experience

Intern 03/2022 – 05/2022
Flowplay Inc Seattle, WA

- Worked with the COO to prototype a game in the Unity game engine for over 3 months.
- Explored multiple game design techniques, including wire framing, early prototyping, and gray boxing.

Education

Bachelor of Science, Game Design and Development, 05/2027
Rochester Institute of Technology, Golisano College of Computing and Information Sciences Rochester, NY

- GPA: 3.74 | Dean's List 2024 - Spring 2026
- Presidential Scholarship Recipient
- Extracurricular Activities: Running, Ultimate Frisbee, Disc Golf

Skills

Technical Skills	Programming Languages
Unreal Engine, Jira, Perforce, DirectX 11, Autodesk Maya, Github, Blender, OpenGL, Unity, Node.js	C++, C#, JavaScript/Typescript, CSS, HTML

Project Experience

Signal Drift, Personal Project 06/2025 – Present

- Developing in Unreal Engine 5 using both C++, and the blueprint scripting language.
- Unique type movement and level interaction from traditional 3D games.
- Full world space UI so everything that the player interacts with is diegetic to the game world.

Gloom, Academic Project 09/2025 – 12/2025

- Horror game prototype developed in Unreal Engine 5.
- Collaborated with team of 3 to design and implement levels, gameplay systems, and custom art assets.

Amiibo Center, Academic Project 11/2024

- Utilized an Amiibo API to present user with information about a search query.
- Used HTML, CSS, and JS, and deployed the app on a web server.

Man vs. Machine, Academic Project 01/2024 – 05/2024

- Development in Monogame, using C#.
- Developed in a team of 4 during the Spring 2024 semester.
- Contributions include a custom level editor build in WinForms, and movement system.

The Lofi Café, Personal Project 12/2021 – 06/2022

- Developed as a proof-of-concept game in Unreal Engine 4, later migrated to 5.
- Used both the C++ and the blueprint scripting language.
- Utilized Blender for custom models and texturing in Adobe Photoshop.

Work Experience

Product Processor (inventory and customer service), Secret Treasures Antiques 06/2020 – Present
Assistant (technical assistance and design consult), Blackbox Inc. 06/2019 – Present
